

# News from Grade 2

Claypit Hill  
October 20, 2017

## Math

We are beginning our  
**Place Value Unit**

(Standards 2.NBT.1, 2.NBT.2, 2.NBT.4, 2.NBT.8)

- Students will be able to understand that the digits in a 3-digit number represent the number of hundreds, tens, and ones in the number
- Students will be able to read and write numbers within 1,000 using base-ten numerals, number names, and expanded form

## Reading

We are finishing our unit on  
**Disposition of a Reader**

Students have been doing an amazing job during reading stations. We are continuing our focus on building stamina when reading.

## Writing

During writing time we are using graphic organizers to go through the process of drafting, editing, and publishing our work. We are also working on conventions such as punctuation and capital letters, and our handwriting along the way!

## Science/Social Studies

In **Open Circle** we are discussing ways to help manage ourselves beginning with being calm.

In Science we are continuing our unit on **Weather**. We are learning about weather tools and how meteorologists use them to predict the weather.

## Reminders

The book fair will take place this Monday 10/23 – Wednesday 10/25. Our shopping times are listed below!

- Currie – Tuesday 10am
- Dines – Monday 12pm
- Tobin – Tuesday 2pm
- Whitesides/Huynh – Wednesday 9:30am

\*\*Please return science workshop money in check form by Friday, 10/27. Thank you!
